

Comparison of footprint of different coal feeding system for gasifiers

Periphery equipment e. g. compressor, intercoolers, buffer tanks for conveying are not included !

Periphery equipment e. g. compressor, intercoolers, buffer tanks for conveying are not included !

Periphery equipment e. g. compressor, intercoolers, buffer tanks for conveying are not needed !

Remark: Footprint's HP-Dry CCS has been equalized at ease of comparison because the system equipment are essentially different.
